

BT-12M10AC Saite Battery: Your Reliable Power Solution for Critical Systems

BT-12M10AC Saite Battery: Your Reliable Power Solution for Critical Systems

What Makes This 12V Workhorse Special?

When your fire alarm screams at 3 AM or elevator doors need to glide smoothly during rush hour, the BT-12M10AC Saite Battery becomes your silent guardian. This valve-regulated lead-acid (VRLA) battery packs a punch with its 12V/10AH configuration - imagine storing enough energy to power a car's interior lights for 48 hours straight.

Technical Specifications That Matter

Dimensions: 151mm x 98mm x 100mm (smaller than a standard hardcover book)

Weight: 4.3kg - lighter than most car batteries

Cycles: 500+ deep discharge cycles (like surviving 500 blackouts)

Self-discharge:
