

IBattery-TP-1210AH: The Powerhouse Behind Modern Energy Storage Solutions

IBattery-TP-1210AH: The Powerhouse Behind Modern Energy Storage Solutions

Decoding the 12V 100AH Battery Revolution

Imagine trying to power your off-grid cabin during a snowstorm - that's where the IBattery-TP-1210AH from Easun Power becomes your silent hero. This 12V 100AH deep-cycle battery isn't just another power source; it's the Swiss Army knife of energy storage, blending raw power with smart energy management.

Technical Specifications That Matter

Rated Capacity: 100AH @ 20-hour discharge rate
Terminal Type: Universal corrosion-resistant posts
Cycle Life: 1,200+ cycles at 50% DoD
Self-discharge Rate:
